Wurlitzer Extends Its Leadership with the

WURLITZER

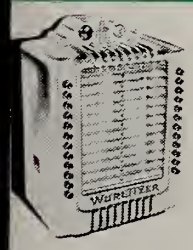
CONCEALED UNIT

Model 1017

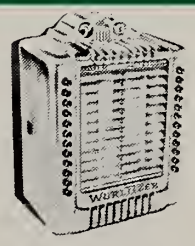
This compact, efficient, inconspicuous unit can be placed in a basement, store room or other out-of-the-way spot. It operates from Wurlitzer Wall Boxes . . . delivers its music through Wurlitzer Auxiliary Speakers. Built to Wurlitzer standards. Contains the time-tested Wurlitzer Record Changer.

Equipped with Model 219 Impulse Stepper for operation of 30-wire Wall Boxes in 2-wire or 3-wire systems. In wireless Wall Boxes, Impulse Stepper Model 216 must be used.

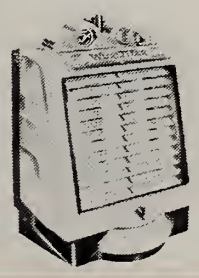
WURLITZER WALL BOXES *for installation with* **CONCEALED UNITS**



Model 3020
for wireless, 2-wire, 3-wire installations. 5-10-25¢ coin entry.

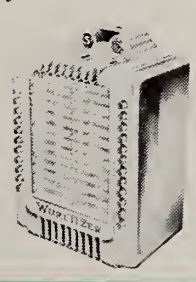


Model 3025
for 3-wire installation only. Straight 5¢ coin entry.

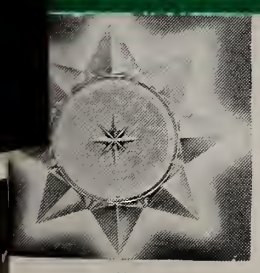


Model 3031
for multi-wire installation only. Straight 5¢ coin entry.

Model 3045
for wireless installation only. Straight 5¢ coin entry.



WURLITZER Auxiliary SPEAKERS *for installation with* **CONCEALED UNITS**

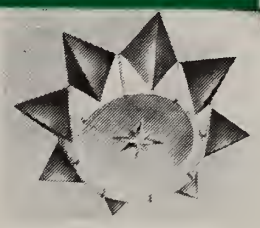


Wurlitzer Silver Star Speaker Model 4000 24″ diameter, 3″ permanent magnet, dynamic speaker.

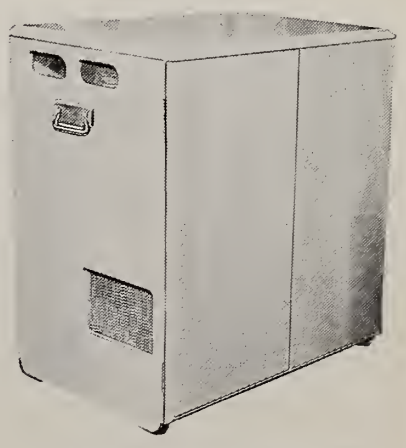
Wurlitzer Wall Speaker Model 4004 16½″ diameter, 8″ permanent magnet, dynamic speaker.

Wurlitzer Outdoor Speaker Model 241 Ideal for curb service or drive-in locations. 20″ diameter.

Wurlitzer Wall Speaker Model 4003 20¼″ high—17½″ wide. 8″ permanent magnet, dynamic speaker.



Wurlitzer Multi-Color Speaker Model 4002 24½″ diameter, 8″ permanent magnet, dynamic speaker.



Opens the door for Wurlitzer Factory-Approved Music Merchants to locations where it is essential to save space. The Rudolph Wurlitzer Company, North Tonawanda, New York.

★ WURLITZER EXTENDS ITS LEADERSHIP ★

THE PUBLIC

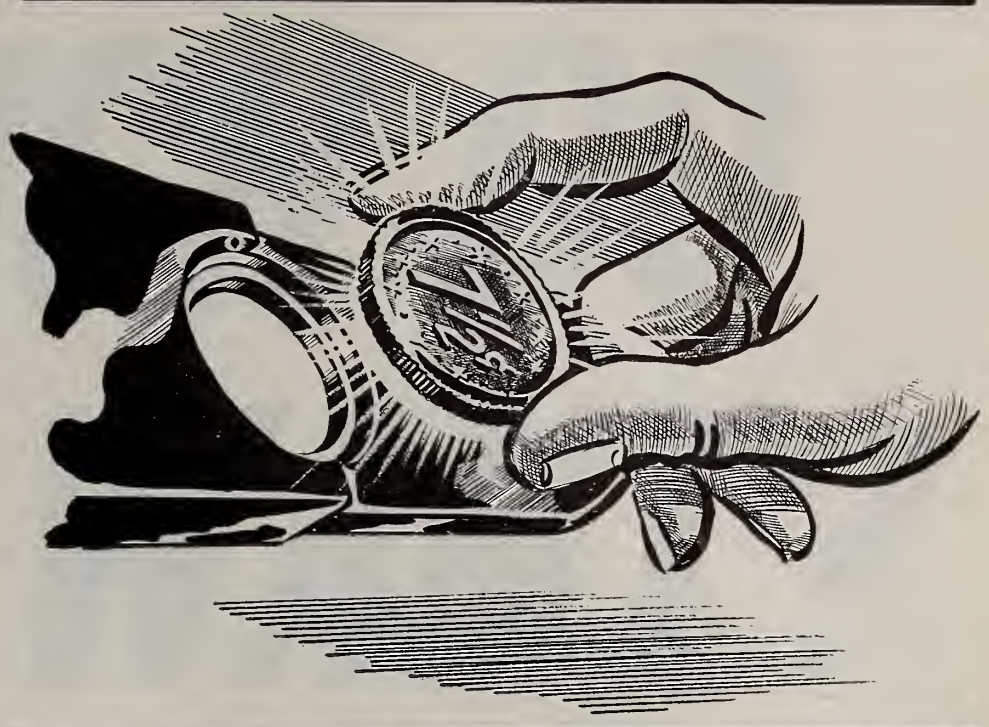
is Raving About the 40 Selections

Up until the introduction of the Model A AMI phonograph, the public took its automatic music as a matter of course. The phonograph was something to be played and enjoyed—and there the matter ended. But in the AMI, the 40 Selection Phonograph, the public got its first real taste of 1947 design, 1947 progress. People marvel at its ingenious mechanism and talk AMI and its features out loud. just as they would enthuse over a marvelous all-new airplane or automobile. This formal and unusual endorsement by the public explains AMI's phenomenal earnings and its ability to command top locations everywhere.

AMI *The 40 Selection Phonograph*

Vol. 8, No. 9, Serial Number 269 *Week of November 11, 1946*

The 7½¢ Coin



"COINTOONS"

By Bill Gersh

Thruout the entire industry there is a crying need for increased revenue to assure the operator continuing on a profitable financial basis.

The controversy over the 10c coin chute is only raging because of the fact that there are so many for, and so many against, the adoption of such a coin for equipment —whether amusement, music, service or merchandising.

Those merchandise machine operators who have raised their prices to meet the increases of the various factories whose merchandise they sell have found the public not at all favorable.

The fact that candy machines were the first type of merchandise selling which appeared in the theatres of the nation has proved this point. Today, in all large theatres, stands featuring numerous types of candies and brands, tended by attractive young saleswomen have replaced candy machines. These counters sell certain candies at 6c and 7c the bar.

In the smaller theatre where investment in such a candy counter doesn't pay the owner—candy machines continue. Candy coinmen are raising their price to 10c (whereas the average candy store is obtaining 6c and 7c) and this is resented by the public. It has hurt public confidence in their machines. They, too, require a coin between the nickel and the dime.

The same is true in the case of the automatic music operator. He needs at least 50% more revenue than he ever formerly obtained—to insure profitable operation. The average music operator is against the use of 10c coin chutes—even tho he realizes that this is at present the one and only method he has to assure himself getting greater revenue so that he can more rapidly pay for the new equipment and cover his tremendously increased overhead costs. He, too, would like a coin between the present nickel and dime.

The arguments continue along the lines that if the operator himself installs the 10c coin chute—the location owners will not accept them. "But", say some coinmen, "if the manufacturers will install them right on the new machines and we open the crates for the locations to see for themselves—then we have a good chance of using the 10c coin chutes."

This is certainly illogical. It isn't the location owner—it's the public that decides. The location only echoes his customers. And, if he hollers about a 10c chute (whether placed on the machine by the operator or the manufacturer) it's because he feels that his customers will complain.

The one and only answer is for this industry to be among the first of all the industries who realize that the time has arrived for the U. S. Government to mint a 7½c coin.

This will come. It must come. It will act as an inflationary brake. It will stop increases, which cannot be helped in a great many instances, because there is no intermediate coin between the present nickle and dime and this has forced businessmen to charge 10c for something for which they would, instead, charge 6c, 7c or 8c.

The 7½c coin proposal—first made to the coin machine industry by *The Cash Box* in its May 6, 1946 issue —is now being urged by the CMI (Coin Machine Industries, Inc.) in its public relations program. It should also become part of the public relations effort of NAMA (National Automatic Merchandising Assn.) as well as of every coin machine association and independent individual in the coin machine industry.

THE 7½c COIN IS THE ANSWER TO OBTAINING THE ADDITIONAL REVENUE NECESSARY TO ASSURE CONTINUANCE OF PROFITABLE OPERATING AS WELL AS THE RETENTION OF THE PUBLIC'S GOODWILL TO COIN MACHINES OF ALL KINDS.

RETURN TO MIXED ROUTES

Reopening of Cities to Amusement Machines Finds Music and Mdse Ops Among Biggest Buyers

NEW YORK — Reports from towns and cities where amusement machines have come back into action once again, brings forth the fact that most of the purchases are being made by well established firms who have been engaged for some years now in the automatic music and vending machine business.

This has brought about more mixed routes than what the industry has had in some years.

One of the reasons a music machine operator gives for his sudden turn to amusement machines is, "These are going to help us clear off the general overhead expense we're working against at this time. Furthermore, since we are here on the ground floor we can't see any reason why we shouldn't enter into the operation of amusement machines when they are once again allowed."

This brings forth the fact, again, that some of the actions which have lately been noticeable in the field—to create separate entities of the automatic music and vending machine divisions — don't hold water under general operating conditions.

Perhaps it is possible for manufacturers and distributors to maintain separate identities as far as the products they manufacture and distribute are concerned. But, the average operator must get whatever revenue he can, to offset the overhead expense he endures at this time. He will mix his routes where it is feasible to do so—to guarantee him the greatest possible income.

It seems then that the average operator, the man who has mixed his routes, operating amusement, vending, music and service machines, is therefore in the best position to decide as to just what should constitute a coin machine business. He certainly won't remain with one definite type of machine if others will help boost his general income. He won't, by the same token, identify himself with any one certain organization to the possible detriment of any other part of his business.

Perhaps the operator will gradually become a specialist. He may, eventually, arrange to handle only one type of machine. This may be music or vending, service or amusement machines. But, the general average thruout the nation indicates that the operator wants to continue mixing machines for his own income protection.

The swing to mixed routes as better income protection has been most noticeable in all territories where amusement machines have once again come into being. This being the new post-war era—it can then be judged that this is what the average operator wants. He will probably continue along this road—without much change for many years to come.

"And", as one noted operator who has come back to amusement machines in his city along with his large music route told *The Cash Box*, "there is is no reason why we should stick to any one kind of machine and lose the very locations which we have developed to some competitor who may start in the spot with another type of equipment. We're going to operate whatever can be operated in the location. The location, as we all learned during the war, is more important than the mahines. And to protect our locations we should have every type of machine the owner wants in his place."

The operator who is the base of whatever organizations are drifting away from a single and solid industry —is probably the best answer to what the future holds for this business.

There is no doubt anymore but what operators—the men on the firing line will, in the majority, protect their locations by operating all types of equipment. And this, therefore, upsets the complete theory of splitting apart an entire industry.

The matter is then resolved to the distinction between what should be considered a "separate division" of the industry. There are none as far as the average operator is concerned. He operates cigarette machines, scales, nut venders, pinball games, music, shoe shine machines and whatever else comes along to show him a profit. Combining them all — sometimes as many as 8 and even more machines on one location—that location becomes an exceptional income producer for him.

Regardless of specialization and the many arguments for it—the operator who knows the location — who has served it for many years—who is acquainted with all the little foibles of the owner—and who can quickly picture what acceptance a certain product will have in the spot—is a better operator for the location than any specialist.

Therefore, those operators who are returning to mixed routes, in most cases due to the reopening of territory to amusement machines, are upsetting the applecart as far as creating separate divisions of the industry are concerned.

The operator is only concerned with earning profit on his investment. He doesn't want other operators in his locations if he can possibly help himself. Therefore, where there may be a number who specialize in one certain type of equipment — there is surely an equal number who mix their routes.

And, if mixing routes will help the operator to earn greater profits—certainly no one in this industry can blame him—nor will they refuse to sell him — because he also operates another type of equipment. In fact, some of the largest vending machine and music operations are owned by coinmen who also run the largest amusement routes in their cities.

RETURN TO MIXED ROUTES

Reopening of Cities to Amusement Machines Finds Music and Mirr Ops Among Biggest Buyers

WHAT PRICE TRADE-INS?

OPERATORS SAY— *"Distributors won't give us a fair price for our used equipment, especially when we trade against new machines."*

DISTRIBS SAY— *"Operators won't pay us the same price for used equipment, even after we've reconditioned, that they ask us to pay them for the same machines."*

WANTED

"NATIONAL TAX COUNCIL"

NEW YORK—Once again, as it has done for the past four and a half years, *The Cash Box* presents pertinent and logical reasons why this industry should immediately formulate a "National Coin Machine Tax Council" — for the accumulation of precedents, data, tax material, license ordinances, and all other matter necessary to a group of tax experts to help guide coinmen who are suddenly (and, in most cases, viciously) being inequitably and excessively taxed—BECAUSE THEIR BUSINESS IS MISUNDERSTOOD . . . AND, FURTHER, BECAUSE THEY HAVE NO CHAMPIONS TO COME TO THE FORE TO HELP THEM DURING SUCH TIMES OF STRESS.

Would there have been a "National Coin Machine Tax Councii" in existence for the many years which *The Cash Box* has urged its creation — such a "Council" would now be in a superb position to offer advice and help to those coinmen faced with ordinances and licensing problems for which they have no expert advice — some of which appear on this page clipped from newspapers which reached *The Cash Box* in the past few days.

These headlines speak for themselves!

Coin machine associations, vending, music and amusement, have already voted *The Cash Box* suggestion—that a "National Tax Council" be created for this industry—and many of these have also voted to defray whatever expenses would be accrued to them to form such a "Council". (*The Cash Box* has, many times in the past, published these voted approvals of its suggestion—not only from noted operators' associations, but also from various independent individuals.)

The time has come when this industry can no longer neglect this greatest need. It has appeared openly in meetings of all leading organizations. It has been shoved aside time and again. But, with cities, counties, and states raising the wages of employees — and all immediately TAXING COIN MACHINES AS "THE SOURCE OF REVENUE"—the time HAS ARRIVED FOR THIS INDUSTRY TO DO WHAT IS NECESSARY TO PROTECT ITSELF—AND NOT ALLOW ITS MEMBERS TO BE TAXED OUT OF BUSINESS.

Perhaps, too, this "National Tax Council" is the organization which will once again bring together ALL DIVISIONS of the industry to work as a SINGLE, SOLID UNIT for its very existence and continued prosperity.

WHO'S LEADING?

Voting cards are pouring in from music operators all over the nation naming their most outstanding recording artists and best money-making records of 1946. The poll is being acclaimed by artists, operators and the entire music industry. Frankie Carle and Eddy Howard are running neck and neck for the 8est Orchestra of 1946. Dinah Shore seems to be incurring no opposition at all. Perry Como and 8ing Crosby are at the wire together. Johnny Moore's Three Blazers" are leading by a large margin in the "Race Record Field". "The Ink Spots" hold option on two spots as the "Best Vocal Combination" and their rendition of " The Gypsy" puts them on top of the "Best Money-Making Record" group.

BEST MONEY-MAKING RECORD OF 1946

	No. of Votes
"The Gypsy"—Ink Spots (Decca)	61,396
"Oh What It Seemed To Be"—Frankie Carle (Columbia)	28,134
"To Each His Own"—Eddy Howard (Majestic)	22,284
"Hey Ba Ba Re Bop"—Lionel Hampton (Decca)	9,634
"There I've Said It Again"—Vaughn Monroe (Victor)	8,005
"Five Minutes More"—Frank Sinatra (Columbia)	5,777
"Personality"—Johnny Mercer (Capitol)	2,642
"Moon Over Brooklyn"—Guy Lombardo (Decca)	2,109
"To Each His Own"—Tony Martin (Mercury)	2,016
"Prisoner of Love"—Perry Como (Victor)	1,421

BEST ORCHESTRA OF 1946

Eddy Howard	31,607
Frankie Carle	25,619
Vaughn Monroe	21,866
Harry James	15,109
Guy Lombardo	13,192
Tex Beneke	9,844

THE CASH BOX Record Reviews

"Winter Wonderland" "That Christmas Feeling"

PERRY COMO
(RCA-Victor 20-1968)

● Lots of pleasant bounce dedicated to the Christmas season is delivered here, but not much more. "Winter Wonderland" is a good little novelty number, tho, and Perry Como and the Satisfiers do a good job on the lyrics, it's just that the number doesn't click like you'd expect a Como number to do. But that won't mean the side won't get action. Como's name can draw action from the laziest people in town. And flipped, on the big side, the real Christmas side, he doesn't do better. Called "That Christmas Feeling", the side gets Perry's romance treatment, but where the number falls down is in that it just doesn't seem to have much Christmas feeling to it. But you hear it, and check us on it.

"The More I Go Out With Somebody Else" "You Are Everything To Me"

ANDY RUSSELL
(Capitol 310)

● Romantic-voiced Andy Russell does a pair of ballads here that are tailor made to his talents and tailor made for the listening posts where hand holders gather. "The More I Go Out" is a slower paced piece that's a natural for any of the torch carrying customers — and what bar hasn't got its share? Flipped, Andy comes up with "You Are Everything To Me", which has enough of a Latin flavor to it to bill it as a rhumba, tho it's a neat romantic ballad in its own right. Very danceable rhythm is contributed by the the capable Paul Weston Orchestra for both sides, so it's a top support item for anybody's phono.

"I've Got A Gal In Laramie" "I'm Goin' To Dry Up My Tears"

DICK THOMAS
(National 5013)

● Locations where "western style" melody is demanded should get some strong action on this pair of sides offered here by Dick Thomas. "I've Got A Gal In Laramie," which was authored by the same team that gave us "Sioux City Sue," (Dick Thomas is one of the pair), is a sprightly number with many of the same ingredients included in "Sue". The lyrics and melody are catchy, and Dick's performance is capable. Flipped, he changes laughter for tears with "I'm Goin' To Dry Up," a typical Western lament to which Dick adds lots in his interpretation. This is a disk well worth hearing and buying, if you have the locations for it.

DISK O'THE WEEK

"Dripper's Boogie"

JOE LIGGINS & HIS HONEYDRIPPERS
(Exclusive 232)

JOE LIGGINS

● The one for the big money is this latest disk by Joe Liggins & His Honeydrippers. Tabbed "Dripper's Boogie" it's one of the hottest things to be heard on wax, and if you've got your mind on your pocket, stack this disk into your phonos. It's practically all-instrumental with several bars of lyrics thrown in by a choral combo, just enough to liven the beat. Done in two parts, the No. 2 side will be contributed for most heavily. Don't worry about where to put it. Just give it to any spot that favors a piece of top jive and let the customers take it from there. And that's about all that needs be said. Just snatch it!

"She's Got The Blues For Sale" "Messy Bessie"

JACQUES BUTLER & MERCER ELLINGTON OCTET
(Aladdin 146)

● A strong slow beat and capable musicianship punctuates both sides of this platter which features the Mercer Ellington Octet, and, for locations where they contribute to listen strictly for what the musicmen offer, the disk has a place. On both "Messy Bessie", the more effective of the pair, and on "She's Got The Blues For Sale," Jacques Butler offers a fair vocal job (he does much better with a trumpet), but again whatever good is here comes from the instruments.

"Texas Tornado" "Blue, Blue Eyes"

JIMMY WAKELY
(Decca 46017)

● Worthy of attention from ops with spots where they like their wax with a western twang is this disk by Jimmy Wakely, one of the better "country type" voices to be heard around. High side of the platter is "Texas Tornado", a lively bit of novelty ballad that should get heavy play once it gets around. Flipped, Jimmy goes sweet and sentimental on "Blue, Blue Eyes", the more romantic of the pair. Providing instrumental support for both sides is a capable string orchestra that does well in its own right. If you have the locations, give the disk a careful hearing. It's really worth it.

"A Gal In Calico" "Oh, But I Do"

GLENN MILLER ORCHESTRA
(RCA-Victor 20-1991)

● Tex Benecke and The Glenn Miller Orchestra have come up here with an item bound to be of interest to ops with spots where the younger set gather for cokes and a dance. Tabbed "A Gal In Galico," the side is from the motion picture, "The Time, The Place And The Girl." Tex and the Crew Chiefs combine to deliver the neat vocal, while the ork delivers the melody in effective, swingy tempo. Flipped, all hands go into a slower, more romantic mood for "Oh But I Do." The melody is from the same movie as it's running mate, and on this side, Artie Malvin contributes the effective vocal job.

"Footprints In The Snow" "True Life Blues"

BILL MONROE & HIS BLUE GRASS BOYS
(Columbia 37151)

● Ops with locations where "country style" music is good for lots of action might do well to give some attention to this pair of sides by Bill Monroe and His Blue Grass Boys. "Footprints In The Snow" is believed to be the heavy money maker of the pair, while "True Life Blues" should net some note on its own. The label on the disk says the wax delivers "old time singing and playing", and that's just what it does. Both sides have lots of zip to 'em and lots of all else that usually goes into this type

"Je T'Adore" "Why Did I Have To Fall In Love With You"

JACK SMITH
(Capitol 312)

● Jack Smith is not among the nation's juke box favorites, tho it's well known that he enjoys a big following among lots of elderly Southern ladies, so, if you have spots where this group means lots of customers, consider this disk. "Je T'Adore" should get the heaviest action from the folks, for Jack gives it all the style he's known for, and tho to many that means he murders the song, to his fans that means he gives it the "real romantic schmaltz." Flipped, Jack gets into one of his gayer moods with "Why Did I Have To Fall", which he does with The Sportsmen, a capable vocal group. If you can use Jack Smith, you can certainly use this platter.

"My Prayer" "Serenade"

MISCHA BORR ORCHESTRA
(RCA-Victor)

● A pair of Latin sides done strictly for the cocktail trade is offered here by the Mischa Borr Continental Orchestra. "My Prayer" is billed as a tango, while "Serenade" is offered as a beguine, but the arrangements to which both are performed won't be found popular by patrons who want their Latin stuff with a thump. Disk hasn't got enough of that for mass appeal. The platter is worthy of consideration only if you have spots where international folk gather

THE CASH BOX Record Reviews

"It's Great To Be A Divorcee"
"Fifteen Minutes A Day"
MARJORIE HUDSON
(Broadway 101)

● An effective little novelty is this offering from a brand new diskery called "It's Great To Be A Divorcee." Bordering slightly on the purple side, appeal is nonetheless limited. It's strictly night club stuff that makes up the platter, and unless you have some "smarter" spots along your route, action may be small. Of wider appeal is the flip, "Fifteen Minutes A Day," which tells the story of a gal who has but just that much time to get what she wants from hubby. That's the side for the boxes, and it's worthy of a listening. Marjorie Hudson, on the vocal chores, contributes a pleasant performance, tho she could wax better if she knew more. The Lenny Herman Orchestra provides adequate support on the music tools."

"For You, For Me, For Evermore"
"A Kiss In The Night"
BENNY GOODMAN ORCHESTRA
(Columbia)

● Benny Goodman fans should go heavy for this version of "For You, For Me, For Evermore." After all, it's a top romantic ballad, and even if it's not up to other versions of the number, Benny's group have the name, and they do an effective enough job with it to say that music ops should make heavy scratch with it. The vocal, done by Eve Young, is well handled, and she sells it to the trade. Flipped, Benny comes up with another side that hints of profit. Called, "A Kiss In The Night," the number is in keeping with the maestro's rep to offer top melody for listening or dancing. Capable Art Lund carries the ball in the vocal department, and helps make the ballad what it is—a good support side for the phonomen. Give the platter a hearing.

"And Then It's Heaven"
"Why Does It Get So Late So Early"
SAMMY KAYE ORCHESTRA
(RCA-Victor 20-2000)

● The Swing and Sway Sammy Kaye Orchestra tripped themselves up somewhere when somebody decided that they do the currently popular "And Then It's Heaven." Better versions are around in abundance. Considering that "Heaven" is a romantic ballad of the first order, Sammy's crew play like they'd play for a wake, and the draggy tempo gets no help from the slushy vocal job turned in by Don Cornell. Flipped, all hands, even Betty Barclay, get together to no good purpose for "Why Does It Get So Late So Early." There's some radio style introductions included in this waxing, and even that factor does more harm than good so far as the trade is concerned.

SLEEPER OF THE WEEK

"Let's Get Married"
GLORIA HART & ART KASSEL ORCHESTRA
(Vogue 780)

GLORIA HART & ART KASSEL

● A true "sleeper" is this latest disk contributed by Gloria Hart and the Art Kassel Orchestra. Pegged, "Let's Get Married," the side will remind most listeners of the recently past "I Wanna Get Married" and "I'm A Big Girl Now." It appears to be cut from the same cloth. Nonetheless, the tricky lyrics on this offering are good enough to have an appeal all their own, and the way Gloria Hart offers 'em suggests that the side should really score. Considering how preceding novelties of the type soared to top proportions, the same can be said of this one if it gets the chance. As usual, the tone quality of this "picture record" seems just about flawless, and that gives the Art Kassel crew a chance to be heard at their best on the instrumental support they add to Gloria's expert warbling. Flipped, the lads come up with "Touch Me Not," but the side is so shadowed by the performance on the top side, that we won't even discuss it here. By all means give the platter a hearing. Call it a "sleeper," and you can't go wrong.

"Breaking My Heart"
"Tana"
JOE LIGGINS & HIS HONEYDRIPPERS
(Exclusive 231)

● A genuine clickeroo for "race type" locations is this most recent offering by the famed Joe (Honeydripper) Liggins crew. Coupling "Tanya", an all-instrumental with "Breaking My Heart" to which an unnamed vocalist does the simple lyric, the combo here deliver two of the quieter, more effective pieces of melody with enough spark and trickiness to give 'em the label "outstanding." Both numbers were composed by the Honeydripper Man himself, and when you make heavy coin with him, remember him. And that's just about Enuff Said!

"Ecstasy"
"Everything'll Be Alright"
JOHNNY ALSTON ORCHESTRA
(Modern Music 140)

● If your customers are looking for something truly different (and who isn't) a side of this disk, called "Ecstasy", should really fill the bill. Strictly for the spots where they contribute to listen to top offerings, the Johnny Alston crew have really filled that bill. There's not very much to the melody; it's just a track on which the musicmen take a ride—but what a ride! The music they make just floats right up to explode like a quiet bomb. Maybe the appeal for the side is limited, but we don't think so. Just place it in locations where they listen —no dancing—just listen. It's a bet the number'll catch. Flipped, the crew slide into the regular pattern of things to come up with "Everything'll Be Alright," a typical "race-style" offering , complete with hand clapping. Done to a snappy beat, Anne De Metz calls the vocal as the lads do it up on the instruments. But if the topside connects, you needn't concern yourself one bit about the flip.

"When You Make Love To Me"
"Just Squeeze Me"
DICK JURGENS ORCHESTRA
(Columbia 37150)

● One of the sweeter sides to be heard around is this offering by the Dick Jurgens Orchestra (his 2nd platter since his military discharge). Tabbed "When You Make Love To Me," the number will be well remembered by the trade as a top romantic ballad. As done here both by the instruments and by Jimmy Castle on the vocal, the side has a place where hand holders gather and the atmosphere is quiet-like. Flipped, it's a repeat so far as styling is concerned as they go to work with "Just Squeeze Me." But here the crew meets trouble. "Squeeze" is a number that needs lots of life and a vocal job that few other than Sammy Kaye's Betty Barclay can provide. Instead, the crew on instruments slow down to a crawl, and three guys go to work on the lyrics. As a result the side winds up strictly on the hungry side. It can be sold. But, if you intend to, sell it only to those "more intimate" spots.

BYRDE'S EYEVIEW 'ROUND THE WAX CIRCLE

by Byrde Gore

They say along Broadway that the Les Brown Orchestra will break up shortly. The reason that's given is the heavy bankroll the aggregation is costing the maestro. Another said to have issued a break-up announcement is Tommy Dorsey, who is quoted as saying he seeks a rest. How this will affect the music op trade is to be seen. Neither of the two have come out officially to say they were so through with holding a baton that they won't cut any more records.

* * *

Caught on a street corner was Buddy Morrow, the rising young ork leader, who took time out to mention with pride his connection with Mercury Records. "You know," said he, "Tony Martin's 'To Each His Own' really pushed our label right into the limelight," and because he said that and sounded more like a team mate than a band leader, we liked him for it . . . One of the top talent scouts (but unknown for it) in New York City is Charles Bernoff, whose Regal Music Company represents about the largest phono route in this territory. Charley owns the Club Maxim and it's there he started many a current headliner off on the road to the top. Right now Charley is helping a young lad named Tony Barry, a tenor who's tops with international songs, particularly Neapolitan ballads. We caught Tony at Maxim's and—glory—but that lad can really stop a show! Disk makers, please note.

* * *

Advance reports from Capitol Records' Hollywood headquarters have it that the label has a brand new Jerry Colonna platter under wraps which has been especially prepared with the music op trade in view. But more on this later. The platter doesn't come out till the 25th of this month . . . And here's another tip: Get to hear Louis Prima's "He Like It, She Like It." Those who have heard the platter (Majestic say it's one of the best things "The Man Who Plays Pretty For The People" has done in a long, long time . . . News from Musicraft Records has it that a new distributor has been named to cover the entire state of Virginia. The firm is Dixie Record Suppliers, Inc., located in Richmond.

* * *

Nat Cohn and Earl Winters, distributors for Vogue Records, told us this past week that plans are afoot to increase the label's output to one million platters a month. And the boys claim they can sell 'em all—all by themselves . . . Over at Apollo Records, everybody is singing the praises of their new vocalist, Hal Winters. His first release, tabbed "Serenade To Love", is due shortly . . . Nothing but silence from Cosmo Records after "Variety" printed a story in which it was indicated that a deal with a number of biggies connected with Paramount Pictures was ready to be inked . . . And, speaking of pictures, MGM wouldn't tell us, but Blue Barron did. Blue said he had signed with the label some weeks back. And Blue expects to be on wax come February.

N. Y. Ops To Protest Lack Of Title Strips

NEW YORK—Charles Bernoff, vice president of the Automatic Music Operators' Association, the powerful trade group in this city, has notified *The Cash Box* that a strong protest was being prepared by several of the leading music operating firms here upon the failure of record makers to provide title strips with platters purchased by phonomen.

"The time has come," Bernoff declared, "when we feel we have every right to demand that the record companies take action to rectify this condition. In the years past, following the time the recording companies ceased to grant title strips to us, when there were paper shortages, labor shortages, and the host of other reasons we were given carried some weight, music operators were content to make the best of the situation.

"After all, we knew the situation, and we were happy just to get the records."

"But," he emphasized, "that time is past, and if ever there was a time when the recording companies could offer no reason why we should not be granted this small courtesy, this is it."

"When the trade was paying as low as 26c per disk, the record companies were happy to oblige us. And now, with prices as they stand, there are none. After all," he points out, "retailers are given lots of truly expensive promotional aids in abundance. Doesn't our trade mean anything

"Title strips are an aid to both the manufacturer and the operator. Now why don't the manufacturer realize that fact and act!"

ARA To Hold Bankruptcy Sale

LOS ANGELES — A public judicial auction sale of $750,000 worth of property, the evaluated inventory of the bankrupt ARA diskery, will be held here on November 25th, it was announced this past week.

The sale, which was ordered by the United States District Court, will witness 275,000 pounds of record shellac, 400,000 records and albums, presses, plating equipment, and practically every other type of material in use and in demand by recording firms, placed on the block.

In addition, all sorts of office equipment and furniture will be offered in lots to the buyers present.

In charge of the details for the sale are Milton J. Wershow and David Weisz, both of this city.

Develop New Type Disk

NEW YORK — A record said to be 21/1000 of an inch thick and weighing little more than an ounce may soon be produced here. According to the report, Western Hemisphere rights for production of the disk are in the possession of Music You Enjoy, Inc., manufacturers of children's records.

The new plastic platter is said to have the flexibility of a sheet of paper and the tonal quality of vinylite.

It was said that manufacturers are now being licensed to press the new product under their own labels.

DISTRIBUTED BY
GENERAL ELECTRIC SUPPLY CORPORATION

Columbia Names Two New Distribs

BRIDGEPORT, CONN.—The appointment of two new Columbia Records distributors was announced today by Paul Southard, vice-president in charge of Sales, Columbia Recording Corporation.

Latest additions to the list of Columbia distributors, now numbering fifty-one, are the Larson Company, Fargo, North Dakota, and Home Appliance Distributors, Little Rock, Arkansas.

The Larson Company, 806-810 N. P. Avenue, Fargo, will serve the entire state of North Dakota and fifteen counties in Minnesota, formerly serviced by The Roycraft Company, Minneapolis. The Fargo firm will also service sixteen Montana counties formerly handled by the Columbia Electrical & Manufacturing Company, Spokane, Washington.

The Home Appliance Distributors, 114 East Bridge Street, Little Rock, will cover sixty-four counties of that state previously assigned to Woodson & Bozeman, Memphis, Tennessee. Also to the Little Rock concern go the following Oklahoma counties formerly served by Miller-Jackson Company of Oklahoma City; Adair, LeFlore, McCurtain and Sequoyah, and Bowie County, Texas, formerly supplied by Southwestern Company, Dallas.

A new territorial change in New England was also announced by Mr. Southard, R. U. Lynch, Inc., 9 Federal Street, Providence, Rhode Island, will now serve Barnstable, Dukes and Nantucket counties in Massachusetts,

G. E. Supply Corp. Appoints Hornemann To Vend Signature Disks To N. Y. Ops

NEW YORK — The General Electric Supply Corporation, national distributing organization for the Signature Records line, announced late this past week the appointment of Charles Hornemann, well known coinman, as chief of record sales to music operators in the New York territory.

The move marks another important step in the current program being organized by the General Electric firm

Under the present arrangement, Hornemann will work out of the New York City branch, located at 585 Hudson Street, and will set up a special operation for the trade. Included will be provisions for over-the-counter sales and direct visits to members of the business in this area.

Hornemann comes to the General Electric Company with an extensive cointrade background. As a music operator in this city he was recognized as one of the more progressive figures in the industry and was a member of the board of directors of the Automatic Music Operators Association here. He sold his route upon being called to duty with the Army during the war, and his last connection with the trade was as sales representative to the industry for Manor Records.

C.M.I. BLUE BOOK

FOREWORD Many times, wide differences appear in the high and low prices of certain equipment. Like any true reporter The C.M.I. Blue Book can only feature the market prices as they are quoted. The C.M.I. Blue Book acts exactly the same as the market quotation board at the Stock Exchange—posting the prices as they are quoted for the past week, regardless of how much they may seem to be out of line. Some prices do not change for months. The C.M.I. Blue Book, rather than show no price, retains the last known quotations for such equipment so that the subscriber at least has the last known prices as a basis to work with. Prices continue to be very widely divergent these days. Someone on the West Coast may feel a certain machine worth $150.00 whereas someone on the East Coast may think it worth but $75.00. Of course, condition, serial, appearance, demand, territory, quantity, etc., must all be taken into consideration. The C.M.I. Blue Book reports each quotation exactly as it is made and depends on the subscriber to make average price adjustment to fit the peculiarities of his own territory.

METHOD The C.M.I. Blue Book should be read as follows: First price listed is lowest price for the week: Second price listed is highest price. Where only one price appears this should be considered lowest price.

IMPORTANT Machines underlined mean these were most active in trading the past week.

CODE Check this code carefully. Become acquainted with each one of the code numbers and what they signify. These code numbers appear in front of the name of each machine.

1 MEANS PRICE WENT UP.

2 MEANS PRICE WENT DOWN.

3 MEANS MACHINE JUST ADDED TO LIST.

4 MEANS PRICES WENT UP AND DOWN DURING THE PAST WEEK.

5 MEANS PRICES REMAINED SAME AS IN LAST PRICE LISTS.

6 MEANS NO PRICES QUOTED FOR PAST TWO WEEKS.

7 MEANS NO PRICES QUOTED FOR PAST THREE WEEKS.

XX MEANS NO PRICES QUOTED FOR MANY WEEKS — PRICE SHOWN IS LAST KNOWN QUOTATION.

IMPORTANT NOTICE

Many times, wide differences appear in the high and low prices of certain equipment. Like any true reporter The C.M.I. Blue Book can only feature the market prices as they are quoted. The C.M.I. Blue Book acts exactly the same as the market quotation board at the Stock Exchange — posting the prices as they are quoted for the past week, regardless of how much they may seem to be out of line. Some prices do not change for months. The C.M.I. Blue Book, rather than show no price, retains the last known quotations for such equipment so that the subscriber at least has the last known prices as a basis to work with. Prices continue to be very widely divergent these days. Someone on the West Coast may feel a certain machine worth $150.00 whereas someone on the East Coast may think it worth but $75.00. Of course, condition, serial, appearance, demand, territory, quantity, etc., must all be taken into consideration.

THE C.M.I. BLUE BOOK REPORTS EACH QUOTATION EXACTLY AS IT IS MADE AND DEPENDS ON THE SUBSCRIBER TO MAKE AVERAGE PRICE ADJUSTMENT TO FIT THE CONDITIONS IN HIS OWN TERRITORY.

MGA Helps Better Relations Between Ops & Locations

NEWARK, N. J.—In another move in its program to build better relations between its operator members and the locations they service, the Music Guild of America this past week sent out a letter to all locations which outlined the advantages to be gained thru dealing with operators who were members of MGA.

The letter informed the locations of the purposes and practices of MGA, emphasizing that (1) "MGA members conduct their business under a Code of Fair Trade Practices approved by the Industry." (2) "MGA enjoys a reputation for efficient service, honest dealing, fair profit sharing with customers designed to create good will, and favorable public opinion." (3) "Employees of the music merchants of the Guild are members of Local B-1477 International Brotherhood of Electrical Workers, A.F. of L."

The letter to the locations was based on the contention that "A reliable merchant always does business with reliable suppliers."

LeRoy Stein, Executive Director of MGA, informed *The Cash Box* that his group would make available to other trade associations copies of the promotional material being used with location owners. The address of the Music Guild of America is at 1140 Broad Street, Newark, N. J.

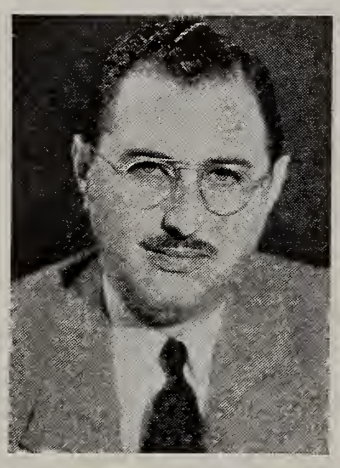
Aireon Holds Big Chicago Conference

Firm's Distribs Listen to Plans and Policies for '47. Clear Decks for New Line. Meet Lasts 3 Days.



R. R. (RUDY) GREENBAUM

R. C. WALKER

CHICAGO — Officials, executives, distributors and regional managers of Aireon Manufacturing Corp., Kansas City, Kans., held a three day "Master Conference" at the Congress Hotel in this city this past week.

R. C. (Bob) Walker, president and R. R. (Rudy) Greenbaum, vice-president and commercial salesmanager, addressed those present and presented their plans and policies for 1947.

It is reported that the distributors and regional managers were elated over the news imparted to them by these executives of the firm and that, "great enthusiasm resulted from these speeches."

Fred Mann, who is regional district manager here, reported, "Our new line for 1947 was discussed at this meeting and everyone present was very much elated over what they heard. The distributors are waiting for the new equipment. Their showrooms and warehouses are clear of all machines. When they heard what was going to happen in 1947 they were tremendously enthused."

It is also reported that R. R. (Rudy) Greenbaum made one of the most impressive and important speeches ever heard by the gathering. He was complimented on the facts he presented. The general concensus was that the firm's distribs will increase their business tremendously in 1947.

R. C. Walker, president of Aireon Mfg. Corp., is reported to have been advised of an entirely new program which, it is generally believed, will be of invaluable aid to the entire industry. Production is well under way, he is reported to have said, and the Aireon distributors will be well supplied with the new line for 1947.

In addition to R. C. Walker and R. R. Greenbaum, the following Aireon district and regional managers were present: Fred Mann, regional director of this area; Ben D. Palastrant, eastern regional director; Martin Parker, regional manager for Minnesota, Wisconsin and Iowa and Dan Brennan, regional manager for Indiana, Michigan and Illinois.

Among the many Aireon distribs seen around the Congress Hotel were: Leo Dixon of Cleveland, O., Bill Presser of Cleveland, O., Jack Mulligan of Pittsburgh, Pa., Vic DeSchryver of Detroit, Mich., Bill Brase of Indianapolis, Ind., Don Fosgate of Cincinnati, O., Max Berenson and Lou Koren of Chicago, Ill.; Harold Klein of Wilwaukee, Wis.; Ted Bush and Harold Lieberman of Minneapolis, Minn.; Irv Sandler of Des Moines, Ia.; Art Hermann of Albany, N. Y.; Al Bergman of Buffalo, N. Y. and Joe Greene of Boston, Mass.

The meeting, according to the district managers, was called for the midwest area distributors of the firm. It is believed that later on in the year, or the early part of 1947, all distributors of Aireon may be called into one meeting. This may happen at the convention to be held in Chicago. Due to the large number of distributors and present difficulties for hotel and transport facilities meetings are being called at central points thruout the nation at this time.

Michigan Ops Assn. Urges: "Play More — Instead Of Pay More"

Trade Asked To Hold Off On 10c Per Record Until Other Methods Have Been Tried

DETROIT, MICH.—Presenting to its membership an illustrated comparison between the operating costs of 1940 and 1946, a period that witnessed a tremendous rise in overhead for musicmen in all parts of the country, the Michigan Automatic Phonograph Owners' Assn., headquartered here, recently told its membership thru an editorial in "The Pick Up", official monthly publication of the group, that music ops should refrain from boosting prices to 10c per record for the time being, but should, "get 'em to play more—instead of pay more."

Reasons for the stand were set forth in the editorial, which declared:

"We as an association hesitate to recommend discarding of the nickel play, until we are convinced that every operator has done everything possible to not only reduce his overhead to a minimum but also to increase the efficiency and attractiiveness of each machine he has on location. This does not only mean the appearance of the machine nor always the records that are playing, but it also means the amount of goodwill he has built between himself and the owner of the location as well as his customers—the public.

"Did you ever stop to consider the number of kids that enjoy playing their favorite piece on the juke box. We don't have the exact figures but from what we can find out from some of our operators, it will run close to twenty per cent, this of course is in dairy bars, candy stores, drug stores, but not including canteens, etc. Can we afford to eliminate the nickel slot?

"Our business is selling music, and although practically every publication in this line, are endorsing the ten-cent and quarter slot, nevertheless we feel that this business was built on the nickel play and if our operators will make a more careful study of their present problems thereby increasing their efficiency, we can maintain our nickel play and will have done the public a service at a time when all other businessmen are raising prices, in many cases unnecessarily."

Buffalo Dep't Store Features Aireon

BUFFALO, N. Y.—Alfred Sales, Inc., headquartered here, distributors of Aireon phonographs, recently completed a tremendously successful tie-up with one of Buffalo's leading department stores. This tie-up proved to be one of the most arresting window promotions the department store has ever had, attracting more people and more comment than the Edwards Store or Alfred Sales had hoped for according to Mr. J. M. McManus, sales promotion manager for the Edwards firm.

The most important and largest window in the store was devoted to a Teen Age set up with all mannequins grouped around one of the Super De-Luxe Aireons. Special permission was obtained from the city to set up two speakers to carry the music of the Aireon to the street. Original plans were for the window to be in only one week, but it was decided to hold it over for another week.

Two New Firms Accepted By Jersey Music Ops Assn

NEWARK, N. J. — Continuing its efforts to sign all music operating firms in the state to its membership roster, the Music Guild of America, the state wide music operators association here, announced this past week that the D & K Amusement Company and ABC Distributing Company had been admitted to membership.

D & K, in North Bergen, is headed by Charles Dyer and Ernest Kaufman. The ABC Distributing Company is located in this city and is operated by Sam Waldor.

Local Gov'ts Continue To Hit Coinmen

NEW YORK—Reports from all parts of the country continue to arrive here every week with news of further tax legislation being levied against the cointrade.

In every case, observers point out, there has been a lack of competent representation on the part of the coinmen in efforts to give a better understanding of this industry's problem to the tax makers.

As one leading operator pointed out, "All a city council needs is the word that the treasury requires some extra money and you've got a hundred people writing a brand new, and generally preposterous, tax law against this business."

Meanwhile, latest to fall victim to a tax boost were Bloomfield (N.J.) music ops, who were gifted with a hike in taxes from $10 to $20. Original plans, it was admitted, called for an annual $25 fee.

Many Phonos Are Reported In Mexico

MEXICO CITY, D.F. — American tourists to this country continue to express surprise at the tremendous number of juke boxes located here.

Greatest cause for comment, however, is the fact that the machines are so heavily stocked with classical records as well as many American song hits of years ago. This, of course, in addition to the popular Mexican tunes of the day.

One of the most popular American numbers, which has been on the machines for a long time, and which is expected to remain popular for a long time to come, is "Beer Barrel Polka," a melody which is familiar to just about everybody North of the border.

Detroit Music Ops In Big Public Relations Move; Will Donate Jukes To All City Youth Centers

City Officials Commend MAPOA For Assistance

JOE BRILLIANT

DETROIT, MICH.—One of the most impressive public relations moves in which members of this industry have yet participated was inaugurated here recently by the Michigan Automatic Phonograph Owners Association, Inc., just recently, when the music op group started negotiations with the City of Detroit to donate juke boxes for the 20 new youth centers opened here by the city in the nation-wide program to provide "canteens" for teen agers.

The project, being carried out under the supervision of Joe Brilliant, president of MAPOA, and its board of directors, has already received the approval of the city

"It has been our contention for some time," a spokesman for the group explained," that an arrangement of this kind would be a step in the right direction to assist in entertaining the minors and would be a factor in keeping down juvenile delinquency."

In his letter to the city officials, Joe Brilliant, speaking for the music op members of the trade group, told the city, "We will supply your recreation centers with automatic phonographs without charge, provided that they are not used for commercial purposes. Also that they will be retained by the city for the purpose of entertainment in your recreation centers."

Acceptance of the offer on behalf of the city was tendered by John J. Considine, General Superintendent of the Department of Parks and Recreation, sponsors of the youth "Canteens" for the City of Detroit.

It was believed by many that other music op associations, located in other parts of the country, would follow the move made by MAPOA, and take an active interest in the establishment of teen age centers;

Calls Juke Boxes Part Of U.S. Culture

HOUSTON, TEX. — The people who go out of their way to take a slam at the juke box and feather up their comments with words like "monstrosity," "noise maker," "bad influence," etc., ought to take a peek at what Hubert Roussel, crack feature writer for "The Post," in this city, had to say about the instrument

"The so-called juke-box has become a part of American culture," he declared. "The juke box, if I make it correctly, has a pretty illustrious ancestry. Its history is intermingled with that of some of the world's loftiest music—and with that of one of the greatest men on earth. There are many authorities for the statement that Ludwig von Beethoven was among the first—if indeed he was not truly the first— to compose for the juke box. It is well to remember this before raising a superior eyebrow at the ditty pumped from the pink-lighted machine in the tavern or chop-house."

Roussel then goes on to point out how Beethoven became interested in an invention called the Panharmonicon, said to be the forerunner of the modern juke box. His interest, it is said, was such that he composed several pieces of music especially for the instrument. Johann Malzel, the inventor, had the same purpose in mind when he produced his machine in 1813 as do modern manufacturers and distributors of juke boxes, said Roussel. And that was to vend music in a way that was novel and inexpensive.

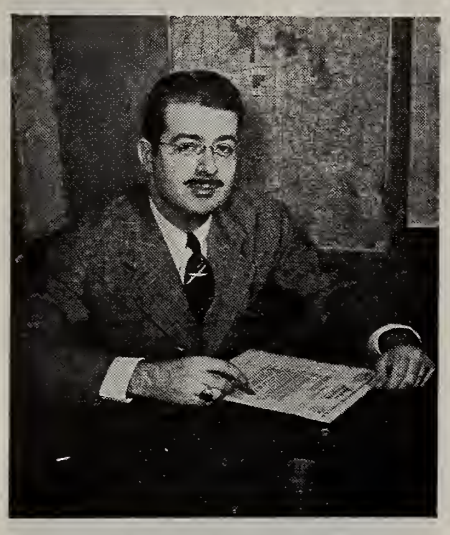
United Coin Machine Company Appointed Distrib For Personal Music



HARRY JACOBS, JR.

HARRY JACOBS, SR.

MILWAUKEE, WIS. — Harry F. Jacobs, Jr. and Harry F. Jacobs, Sr. of United Coin Machine Company, this city, announced that after a visit from H. F. Dennison, president of Personal Music Corp. of Newark, N. J., they were appointed as distributors for the Personal Music boxes.

United Coin Machine Company will cover the entire State of Wisconsin and the Upper Peninsula of Michigan. Hal Stark, sales manager for the firm, and his staff of salesmen, will cover the territory visiting all the music men.

In addition to Personal Music, United Coin Machine Company represents other leading manufacturers, and Jacobs, Jr. reports that his firm is progressing very rapidly.

TOSCANINI IN TRAINING

While en route to South America, where he was to give several concerts, the internationally famous Arturo Toscanini was occasionally called upon to discipline his orchestra.

"Maestro, will you help us?" asked one of the musicians. "From the moment we set foot on this vessel Mr. X has been playing a slot machine at 50 cents a throw. We can't pull him away from it."

"What a pity," sighed the conductor disapprovingly. "I'll see what I can do."

Sometime later several of the musicians decided to investigate Toscanini's progress. Sure enough he had gotten the man away from the machine, but there stood the veteran bell player watching a flushed Toscanini recklessly tossing his dough and yanking the handle at a half a buck per crack!

ACE MUSIC CO. CHANGES HANDS

DETROIT, MICH. — The Ace Music Company, located here, which was formerly operated by Stanley Kroll, has been sold to Frank Stankewicz, it was recently announced.

Stankewicz will retain the firm name, since Kroll has announced his intention to enter the automobile business. At the present time, Mr. and Mrs. Kroll are on a California tour, it was said.

They are expected to return shortly.

WE HAVE THEM ALL!

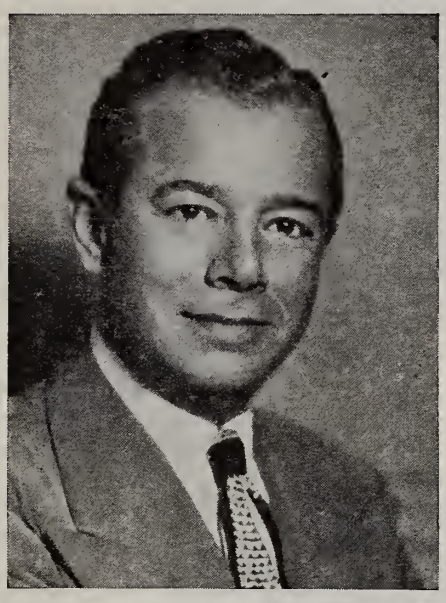
CMI GETS NO REPLY FROM GREENE

Vending Equip't Mfr's. Speech To Split Industry Reaches Advertising Press; Draws Attack From Cointrade Leaders; Gottlieb Refutes Him; Mangan Says Greene Blast "Did Nothing But Harm" To Public Rel. Program.

REFUTES GREENE

Dave Gottlieb, D. Gottlieb & Co. President, CMI, Inc.

CENTER OF CMI STORM



Robert Z. Greene, President NAMA

ATTACKS GREENE

James T. Mangan Chief, CMI Public Relations Bureau

CHICAGO — The storm of controversy created here when Robert Z. Greene, president of NAMA and the Rowe Companies, urged vending machine operators and manufacturers to break with the rest of the cointrade, grew to new heights of bitterness this past week when James T. Mangan, chief of the CMI Public Relations Bureau sent out a special release on the incident in which Greene was hit from all sides on the basis of the statements which he made here during the NAMA convention on October 16 to 18.

Meanwhile, Mangan reported that he had not yet received any reply to the open letter written to Greene, and upon which Mangan had asked the well known manufacturer to reply. In his open letter to Greene, (See *The Cash Box*, Week of October 28, 1946), Mangan attacked Greene's right "to try to air or distribute any quarrels which Greene might have with the coin machine industry in general to the newspaper and magazine press. Mangan later contended that "the net result of Greene's blast did nothing but harm" to all coin machine public relations.

The CMI statement, which was released on November 5, said that Robert Z. Greene "wasn't contented in his speech at the Merchandising Association Convention in Chicago to try to separate the great coin machine industry from the business of coin operated vending, but he also made available the following statement which appeared in Advertising Age, October 28th:

"At the tenth annual convention of the National Automatic Merchandising Association here October 16-18, President Robert Z. Greene told the group that his own firm, Rowe Companies, Whippany, N. J., would not exhibit any of its vending machines at the forthcoming Coin Machine Industry Convention.

His decision marked the first major break between the coin operated amusement machines and the automatic vending machines. About a dozen representatives of other companies at the convention announced that their firms would follow similar policies."

"Greene caused this message to be disseminated far and wide," said Mangan, apparently without any qualms for the injury it might do to every coin machine manufacturer and operator, including operators of vending equipment.

"It is the opinion of all the leaders in the coin machine trade that such propaganda has no place in the general press."

In commenting on the release, James Gilmore, Secretary-Manager of Coin Machine Industries, Incorporated, which is the Association of the general coin machine industry said:

"The coming coin machine show at the Sherman, February 3, 4, 5, 6, is practically a sell-out. This exhibition will be the greatest presentation of coin operated products the world has ever seen.

"At this show sixteen major vending machine companies will display their newest equipment to anywhere from 8,000 to 12,000 visiting operators from every state in the Union.

"Members and associates of CMI, Incorporated have more right and power to represent the vending machine trade than any other Association. Greene just happens to be out of step with the entire industry".

GREENE and C M I

(*Continued*)

At the coin machine industries' Association offices it was said that many messages condemning Greene's stand have been received. "What right has a man," said one manufacturer the CMI quoted, "not only to try and desert us, but also to publicize his desertion with the implication that his present alignment was a holy one".

The CMI further claimed that a vending machine manufacturer telephoned in to say, "Greene's stand is not mine because I very well know that the purchasers of my vending machines also purchase and use many other types of coin operated equipment and the money earned by this equipment helps them make further purchases from me".

One question was raised, namely, "Is The Industry Drifting Apart?" (See *The Cash Box* editorial, week of October 28, 1946)

Mangan stated that from the many messages he had received condemning Greene's stand that there could be only one conclusion—that the industry was getting together faster than it ever had in the past.

Dave Gottlieb, President of CMI, Incorporated, stated this stand succinctly: "Every manufacturer and distributor of coin operated machines knows that this industry is one of the most fluid in America. Hardly anyone can survive by operating one type of equipment solely. For many years it has been a first principle of all manufacturers to press the doctrine of diversified equipment. And of the 8,000 to 12,000 visiting coin machine operators who will register at our coming show in February, I'll take a guess that not over five percent of them are operators of one type of equipment only.

"Vending machines are primarily coin operated machines and cannot be thought of otherwise. Ever since our Association first began to hold its annual shows, as much stress was put on vending equipment as on any other kind of coin machines".

Mangan further reported that a publicist telephoned to say, "Greene's stand is one of the worst examples of public relations I have ever seen.

Empire State Building Tower Proves "Top Spot"

NEW YORK—To say that coin machines are coming up in the world is putting it mildly. Approximately 1100 feet above street level on the 86th floor observatory of the Empire State Building, N. Y. C. stands a coin operated voice-recorder—Mutoscope's Voice-O-Graph.

Now in its fourth month of operation, this Voice-O-Graph is one of the centers of attraction in the Empire Tower.

Leo Weiskoff and Murray Handler, operating an extensive route of Voice-O-Graphs in Metropolitan New York under the guidance of Modern Music Sales Co., Mutoscope Distributors, report that the Empire State location is one of their best. Off the "record" as they put it, 2000 recordings a week at 35c play is considered poor business.

Fined For Damaging Phono

PROVIDENCE, R. I.—Of little financial solace to the music op concerned, but worthy of some satisfaction is the news that Ceriyco T. Roderick, a local citizen, was fined $25 for venting his anger on a juke box after coming out the loser in a verbal argument that recently took place at the Colonial Hotel here.

Roderick had been charged with defacing property after he smashed a glass panel on the machine for which damage was estimated at between $40 and $50.

SENSATIONAL DEVICE THAT SKYROCKETS YOUR PHONOGRAPH EARNINGS

and puts you in solid with your locations

WAYNE AUTOMATIC RECORD VOLUME EQUALIZER

AUTOMATICALLY ADJUSTS PHONOGRAPH VOLUME SO THAT EVERY RECORD IS REPRODUCED AT SAME VOLUME LEVEL

Get the jump on your competitors and equip all your phonographs with the Wayne Equalizer. Install on the spot — size of a cigar box — no servicing. The Wayne Equalizer does not constantly adjust the volume to compensate for varied noise in a location. The unit increases or reduces the volume on all records to a volume standard manually set by you or by the location. If your local distributor cannot supply you, write, wire or phone us.

LOUD MUSIC
Automatically tuned down to pleasant listening level.
SOFT MUSIC
Automatically tuned up to pleasant listening level.

For use with Crystal PN Type or Magnetic Pickup.

Guarantee

Wayne Equalizer is guaranteed in workmanship and materials for 90 days. If, within 30 days, it does not satisfy you for any reason, return it and full purchase price will be refunded.

Pin Controversy Rages In Tacoma

TACOMA, WASH.—For some weeks past a controversy has been raging in this city over the licensing of a limited number of pin games that has put the cointrade here under the spotlight of city officials, the press, and several public and religious groups.

The bombshell was set off when Safety Commissioner Robert S. Temme proposed legislation to limit the number of operators to 23, and attorneys Anthony M. Ursich and Stephen O'Brien, representing persons other than the 23 who have applied for licenses, cried "monopoly."

According to Temme, the reason for his proposed legislation was that the number of games currently on location here has reached the "saturation" point.

"The time has come he declared, "when we've got to put restrictions on it. There are now 23 licensed operators, each limited to 50 machines, and only about 900 of those, according to my information, are now being operated."

The opposing attorneys and other interested parties counter-charged that at the present time there may be as many as 1000 pieces being operated without licenses, and, they maintained, newly licensed operators might certainly be allowed to put out their equipment profitably if these were taken off the streets.

The cases of O'Brien and Ursich were strengthened, at least psychologically, by the fact that several of the applicants they represented are war veterans with distinguished records, and this factor was expected to carry heavy weight so far as public opinion is concerned. Licensing of pin games began here in 1941, and under the present arrangements, the city treasury nets about $125,000 per year from equipment currently being operated.

Juke Box Offered As Prize To Teen Clubs By Cola Firm

COLUMBUS, GA. — A Wurlitzer automatic phonograph will be awarded to the winner of a contest currently being sponsored among teen age canteens by the Nehi-Royal Crown Bottling Co., it was recently announced by Peter J. Batrous, president of the soft drink firm, which is headquartered here.

The juke box, first of 186 prizes to be awarded for the best letters on the subject: "The Most Interesting Activity of Our Teen Age Club or Youth Center," will be awarded to the canteen of which the winning letter writer is a member.

Industry leaders see in the move one of the better examples of good public relations for musicmen that have been attempted for some time, since the Royal Crown Company have been carrying out a three-year program to assist teen age clubs to provide good, wholesome entertainment.

The fact that the juke box to be awarded is the most valuable prize indicates to the public that the machine can indeed serve as a vender of the "good, wholesome entertainment" the sponsors are striving for.

Minneapolis Pin Licenses Due

MINNEAPOLIS, MINN. — Pin game operators in this city were recently notified by the License and Weighing Department that the annual license fee was due. Members of the trade were thus forced to pay the entire annual amount collected by the city, instead of half the fee as had been the previous method.

...And Still Another Background For "Juke"

NEW YORK — "The Night Time Answer Man" radio program, broadcasting thru a national hookup, was asked to determine the origination of the word "Juke Box".

Their answer explained the term originated down South and referred to the "jerk and jive" of the dancers in the location.

(*The Cash Box* has printed various interpretations in past issues, including that of Clifton Fadiman, who traced the definition back to the old Greek days.)

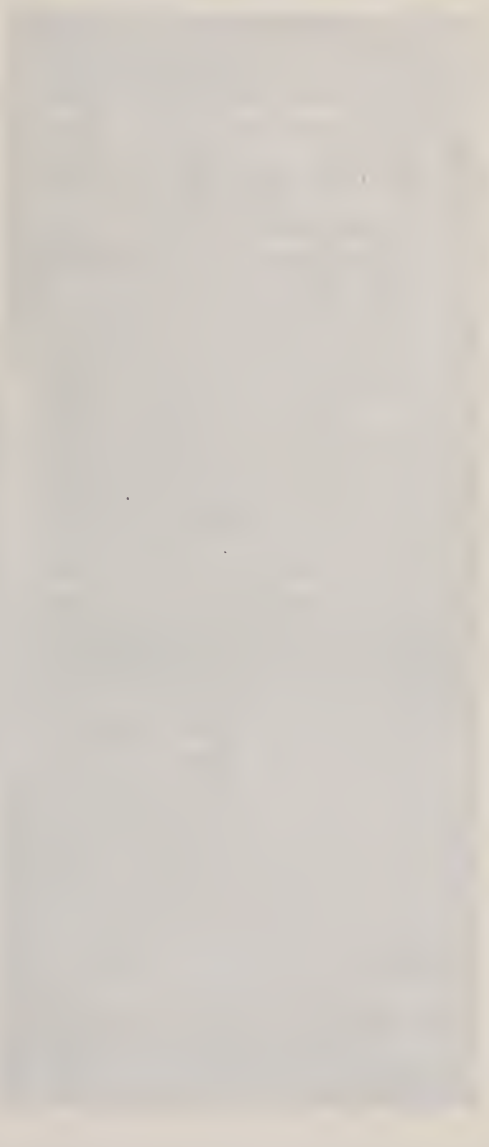
"You Can Always Depend On Active—All Ways"



EATON TRACES NEED FOR 10¢ PLAY

DE WITT (DOC) EATON

CHICAGO—DeWitt ("Doc") Eaton, Vice President and General Sales Manager, AMI Incorporated, today returned from a barnstorming tour of the East made in behalf of his ten cent play crusade for phonographs and stated that the idea is steadily and surely taking hold everywhere. "The ten cent or three for a quarter play on the modern phonograph, said Eaton, is not just a requirement of modern times, but is truly a development in what we might call the multiple merchandising of music", he declared.

"The first early step in multiple merchandising occurred when a wall box was invented which would accept more than one nickel at a time. This box, on receiving several coins, would trip up the coin operated instrument to play the number of times represented by the coins dropped even though they were dropped all at once.

"There followed the phonograph which was equipped with the five cent chute, the ten cent chute, and the twenty-five cent chute which again sought to merchandise itself by allowing the music purchaser to buy more music at one time.

"This triple coin chute was succeeded by the coin mechanism which had a single coin entry allowing a nickel, dime and quarter to be dropped and honoring the coin with the proper number of plays.

"Naturally, the ten cent per play or three for a quarter idea is the next logical step. No one in the coin operated industry will deny that you can at any time stop progress. To my mind the ten cent play idea is the best illustration of progress in the music field today. In countless locations I have seen the ten cent play more than double the previous average intake of the location. I have also argued the matter with hundreds of operators who agreed that the idea is good theoretically but are hesitant to become part of the crusade for fear that their locations may temporarily let down. To all of these latter people I say any time you indulge in a crusade there is a certain amount of sacrifice that has to be made. You can take my word for it that if you will embrace ten cent play and install it universally the public will become adjusted to it more quickly than you realize and your own income will be so greatly increased you will wonder why you didn't take it up long ago.

"At AMI our orders for ten cent play, three for a quarter instruments are mounting every day and I predict that within a very short while this type of instrument will be in the majority."

M. S. Wolf Co. Named W. Coast Bally Distrib

M. S. (BILL) WOLF

LOS ANGELES — Bill Wolf of the M. S. Wolf Distributing Co., one of the nation's best known cointrade firms, announced this past week that his organization has been named to handle distribution of all Bally games in the states of California, Oregon and Washington.

Extending from Los Angeles to Seattle, Bill Wolf reported that his company is well prepared to do "a bang up job" with the Bally line all thru the far-flung territory.

Charity Gum Vendors Hit By Lack Of Gum

LACONIA, N. H.—Cointrade members who operate ball gum vendors have something in common with the Kiwanis Club located here, who are operating a route of gum vending equipment in behalf of charity.

There just ain't no gum.

Roger Beane, of the Kiwanis group, recently announced that the difficulty in obtaining gum was the reason many of the gum machines maintained by the organization were empty.

When the machines have merchandise, proceeds from the route are turned over to a fund for aid to underprivileged children.

Oh — Yeah?

CINCINNATI, O.—In a recent column, Magee Adams, radio writer for the newspaper, "The Enquirer", told his readers that the tone quality of recordings "make no difference with 'the juke box trade'."

Pencil Vendor Placed In Newark Library

NEWARK, N. J.—An automatic pencil vendor which dispenses a Mongol Eberhardt Faber pencil for 5c occupies a prominent place in the Information Room of the Newark Public Library.

The Chief of Staff stated that she had had so many requests for pencils that she thought it advisable to obtain a pencil dispenser which would vend a good pencil for 5c.

These pencils are sold so quickly that at times it is necessary to fill the machine at least once a day, it was said.

All that is needed now to satisfy the students is an automatic pencil sharpener coin — operated

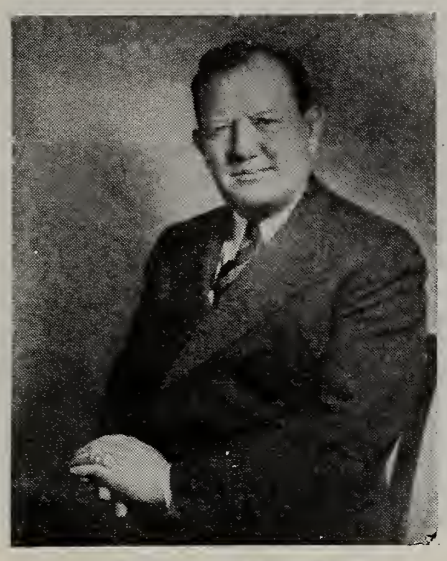
N. Y. Express Deliveries Still Delayed

NEW YORK—Altho the embargo on express packages was lifted over a week ago, coinmen are still awaiting deliveries. It seems that so many packages were storaged during the recent controversy that the express company is overloaded with work. They have informed the trade that as soon as they get around to it, all deliveries will be made, and they are trying to clean up everything as fast as possible.

Packard Holds Two Day International Distributors Conference At French Lick



HOMER E. CAPEHART

FRENCH LICK, IND. — Homer E. Capehart, Chairman of the Board of Packard Manufacturing Corp., W. H. (Bill) Struby, President, Tony Hicklin, Sales Manager, and other executives of Packard Manufacturing Corp. were hosts at an international distributors conference held at French Lick Springs Hotel, this city on November 6 and 7.

Over 150 persons attended the meet, and Packard distributors came from the South, North, East and West of the United States, and from various provinces of Canada. The Packard organization, in addition to all its top executives, had many of its engineers present to go over details of the equipment with the distributors.

The feature of the two day gathering was the brilliant and inspiring speech by Homer E. Capehart. He visualized the coming years as the most prosperous era for coinmen, but insisted that everyone must work together to make this prosperity come true. "The music machine operator must make money," stated Capehart, "and it is important that we all work towards this end."

Policies of the firm was discussed and sales programs for all equipment were reviewed.

When the conference ended, the large gathering of distributors were seething with enthusiasm for the many sensational items of equipment they will have available for the music machine operators, and for the progressive sales program to help the operators to greater prosperity.

Union Strives for 100% Membership In Atlantic City

ATLANTIC CITY, N. J.—Full scale efforts to organize all music operators in this territory as a part of the Electrical Workers Union (A.F. of L) are currently being waged here by Local B-1477.

In charge of the campaign to bring about union servicing of all locations is Anthony Walker of Trenton, who reported that organizing efforts have been coming along favorably, despite the development of several unpleasant local incidents involving operating firms who have elected to remain outside union ranks.

"JACK RABBIT"

A BRAND NEW CONSOLE
5c Play

PRICE
$475.00

F.O.B. Chicago
1/3 Deposit, Bal. C.O.D.

Introduce Coin Operated Television

Victor Trad (left) and George Trad with their "Tradio Vision"

NEW YORK — Victor and George Trad, Tradio, Inc., Asbury Park, N. J., introduced a coin operated television receiver trademarked "TradioVision" to a gathering of the press at the Dorset Hotel, this city.

"TradioVision is the first coin operated television unit ever to be manufactured," claimed George Trad, "and we believe it to be the smallest set yet made. Our assembly line production is expected to get underway within the next 60 days and shipments will begin to our distributors".

Two engineers from the factory were present and explained the mechanical features. The set has a five or seven inch screen, 500 line definition, 20 tubes, acoustic modulation, low power consumption, complete plug-in unit assembly to simplify on-the-spot service, and simple tuning.

Harry (Rocky) Rockefeller, sales promotion manager stated: "The sets will be sold to operators thru our distributors. We have studied the market carefully and locations can be secured in bars and grills, restaurants, hotels, and in addition we have set up a plan to help the operators place them in private homes at a fixed rental; or a minimum amount guaranteed in the cash box, the difference to be made up by the home owner if it falls below.

A promotion and advertising plan is now being prepared and complete information will be ready for the trade in a few weeks.

Detroit D. A. Guest At Music Assn. Meet

DETROIT, MICH.—A closer liaison between city officials and the Michigan Automatic Phonograph Owners' Association was fostered here recently when the music op group hosted as guest of honor at a general meeting the prosecuting attorney of Wayne County, Gerald K. O'Brien.

Acknowledging the invitation extended to him in behalf of the association by Joe Brilliant, president, Prosecutor O'Brien was introduced to the members by Arthur L. Robbins, chief of the Prosecutor's Civil Division.

In the speech he delivered to the coinmen, O'Brien declared: "I have never tried to harm anyone just to get my name in the papers. I want to be fair with all, regardless of race, color or creed. You people have your troubles and problems just like everyone else, and I want you to know that I am here to protect your interests."

INITIATIVE

By JAMES T. MANGAN

Initiative and radium are a great deal alike. They are both exceedingly rare, yet a mere drop of either will rock the world.

"He's worth his weight in radium," George Ade once said of a man he admired. And friends of yours can just as sincerely say of you (if you merit it), "He's worth his weight in *initiative*"

Initiative is your ability *to begin something.* To begin it, without being told by someone else. To start the job entirely on your own responsibility without asking anyone else to share the hazards with you. If you have initiative, you are not afraid to let others steal the fruits of your work if it is successful; but principally, you are not afraid to take the entire blame for it, *if it fails!*

Nobody with initiative ever embarrasses himself. Try as you may, you can't think of anyone who ever made a fool of himself by starting the ball arolling. The man with initiative CAN fail and DOES fail, but failure doesn't stop him because his initiative lifts him up after the fall and helps him win on the next attempt.

Thus the magic force of initiative is praised everywhere. Organizations laud it. Business loves it. Even the angels whoop it up when they see a lone man step out of the beaten path to do something he isn't supposed to do, doesn't have to do, wasn't told to do. He does it merely because he thinks it's about time somebody did it!

You've sometime waited in a long line while a huge crowd of people—all full grown, all sane and intelligent—tried to crowd out of a church or hall or building through a doorway that was only half open. While burning up with the stupidity of the delay, you still suffered as the crowd slowly pushed out. Then suddenly a man behind you, who didn't believe in waiting or wasting time, left his place at the end, walked briskly to the half of the doorway that was blocked, and without hesitation or uncertainty pushed the other half of the door open, *and walked out!* Instantly the mob followed saying: "Why didn't somebody do that before?" *You* had had the same idea while you waited, but you *waited.* The man with initiative didn't wait. He did a sensible thing, a necessary thing, straightforwardly and bravely. The herd follows the leader because—well, because it *has* to follow initiative.

If initiative is so miraculous, why not use it? It isn't a *foreign* subject with you. You *think* a lot of things, you *plan* a lot of things, you *see the need* for a lot of things.

Yet you are afraid to "stick your neck out." Don't *be* that way! Take initiative as your shield and you'll never get hurt! Take initiative as your food and your table will be bountifully spread! Take initiative as your book and you'll be the most educated of men! Initiative will lead you into verdant pastures, the life of courage and freedom, the proper destiny of the *individual.*

Be not like dumb, driven cattle—be a man with initiative. Start something! Try something! Do something! And don't ask mama, the boss, or the man on the street if it will be all right. Just *ask yourself* and if it seems sensible, reasonable and necessary, follow your instincts and *do it.* The ability to act as an individual independent of all others is the thing that makes you a *person*—it's the main reason for your existence. You *have* this ability—*use it,* and it becomes the most irresistible of all human forces, that river of radium, INITIATIVE!

THRU THE COIN CHUTE

CHICAGO CHATTER

Hennery Fox of Noo Ohleans, Buhmin'ham, Jackson and points south, commuted back to our town this past week to catch himself a nasty cold which he doctored very fluidly one evening . . . Mike Hammergren, Ed Wurgler, Larry Cooper, Don Clark, Gordon Sutton, Bill Landsheft and others of the Wurlitzer organization in town this past week on their way to a pheasant hunt in South Dakota. One coinman trying to get Ed Wurgler to take along a stuffed pheasant to be placed out in the field for the boys to shoot at and then watch their expressions when they picked it up. But Ed said, "No" . . . Irvin W. Weiler of Consolidated Distributing Co., Kansas City, Mo., flies into town in his own plane and pays us a visit discussing thisa and thata about the coinbiz and telling us that conditions in his neck of the woods are "okay" . . . Grant Shay over at Bell-O-Matic Corp. reported to be busier than ever and planning some new campaigns for the firm which will surely cause plenty of good comment. Grant's done a very fine job . . . Mercury Record execs are much, much pleased over the nice reception given to Tony Martin who is reported to be zooming into a top position with juke box men.

Roy (Monarch) Bazelon after viewing "his boy" Georgie Price in action has now "seen everything worthwhile seeing here in town" and is leaving for his gorgeous home in Florida within a few weeks. Roy says about Georgie Price, "He's the only one who knows how to do it" . . . Irv Webb (Rock-Ola's distrib here) seen rushing down Randolph Street one night this past week. Irv's plenty busy trying to make deliveries of the new Rock-Ola phono . . . Bert Davidson, Red Zogg and Al Decker seen in the lobby of the Bismarck Hotel talking about this and that regarding the coinbiz. Bert advises that he will have an announcement very soon. Red talks about "ice boxes" and Al talks about "toys" . . . Bud Parr of Solotone Corp. in town this week from Los Angeles. Bud brought some real hot news with him for the Solotone distribs . . . DeWitt (Doc) Eaton of AMI out of town this past week and R. C. "Lindy" Force taking over his duties, doing a very grand job . . . One of the newer and most impressive three story factories in town is that of American Amusement Co. Harry Brown here has some sweet games all set to go and the boys who have visited here are very, very much impressed.

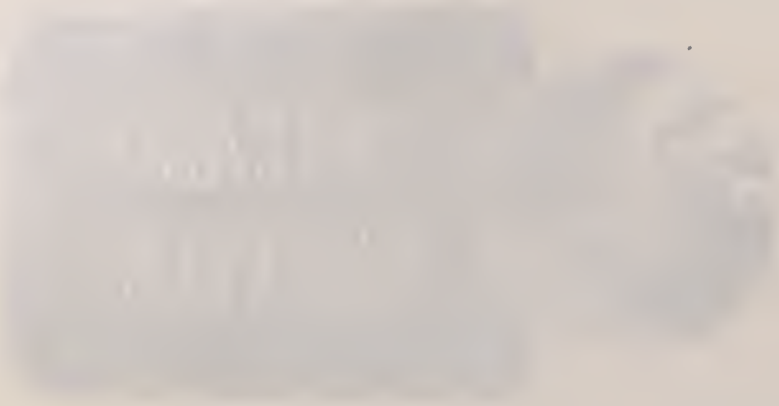
Leo Lewis of Lewis Coin Machine Service extremely busy this past week as shipments start to come in of the games the firm ordered some time ago. In fact, one complete truck wasn't even unloaded — just directed onward to customers . . . Joe Beck of Telequiz Sales meeting with reporters of the Chicago Times goes over his machine with them from "A" to "Z" answering questions, etc., etc. and then, sighing, relaxes in his chair saying, "Every town I've visited I've had to talk and talk to reporters and photogs about our machine" . . . Al S. Douglis and Ben Lutske of Daval busy on telephones telling coinmen why it's so hard to ship them as many of those "Free Play" counter games as they would like to. Ben claims that reports sent to them by operators from actual location receipts makes this "one of the speediest and greatest moneymakers we've ever built. And, he says, just wait until we show them some of the other games we've got" . . . Plenty of interest over at Jack Nelson's showrooms now that Bill Schroeder is in town and showing the new automatic bowling alley, "Strikes-N-Spares". This machine automatically resets the pins and is considered one of the most ingenious developed

Big meeting over at the Congress Hotel this past week of midwestern Aireon distribs. R. R. (Rudy) Greenbaum and R. C. (Bob) Walker, vice-president and president respectively, talk to all present and bring many cheers regarding the firm's new line for 1947 and their new plans and policies. Host for this meet was Fred Mann, midwest regional director who entertained Ben Palastrant, eastern regional man and Martin Parker and Dan Brennan also Aireon regional managers. There were so many distribs present at this meet and it seemed as if the town was simply full of Aireon men. Among these were: Leo Dixon, Bill Presser, Jack Mulligan, Vic DeSchryver, Bill Brase, Don Fosgate, Max Berenson, Lou Koren, Harold Klein, Ted Bush, Harold Lieberman, Irv Sandler, Art Hermann, Al Bergman and Joe Greene.

"Rumors Are Flying" Dept. — Well known west coast distrib came east to buy a salesboard plant for 300 gees, but turned it down after going thru the books . . . One big west coast city will swing over to 10c phono play very soon . . . Some big routes being offered for sale because owners can't see way clear with prices and overhead what they are . . . Some amuse. mach. leaders plenty burned at press statements of NAMA execs and claim they will keep certain officials of this organization off the floor during Feb. convention . . . A very well known amusement game distrib will soon be given the bounce by a big factory here for assuming the entire U.S.A. to be his territory . . . Patent infringement suit now being readied will start a big run for bromos . . . A Pittsburgh distrib is reported to have purchased that music mechanism . . . Over 75 gees invested in a factory here by one well known distrib not only made him a partner but also gets him the national "ex" on all products produced . . . West coast diskeries are dying off like flies in winter with Uncle Sam undergoing many headaches trying to collect past due excise taxes from them . . . For interested parties: 55 gees will buy out one of the largest distribs here including a three story building situated in the coinrow area.

George B. Murdock in town from San Francisco over at the Rock-Ola factory asking Art Weinand to make sure that a "trainload" of those new Rock-Ola phonos leave the factory for his offices each and every day. Willard Wayne the volume equalizer man also in town this past week with George Murdock . . . Milt Cole of Ohio Specialty Co., Cincinnati, tells us via long distance that his firm are offering some of the greatest bargains in their history . . . Gil Kitt of Empire Coin one of the busiest of the busy coinmen in town and getting around everywhere all at one and the same time. Gil advises that Paul Glaser, one of his roadmen, will be out visiting with ops for some weeks to come . . . Ken Wilkinson of San Antonio in town this past week but only a few coinmen saw him. Ken came in fast and left in a hurry . . . Herb Inglehardt of General Amusement Co., Flint, Mich. also in town this past week and, after buying what he wanted, dashed right back to his home town . . . Bernard Berman of B & B Novelty Co., Louisville, Ky. also in town this past week but didn't get a chance to talk things over with him . . . Jackie Rosenfeld in from St. Louis and getting himself set for some "big business" . . . Clarence Camp of Southern Amuse. Co., Memphis, Tenn. also in town this past week and rushing here and there to get things done.

We hear that Harry Jacobs, Jr. of United Coin Mach. Co., Milwaukee, has just been appointed distrib for Personal Music's "Measured Music" and that H. D. (Denny) Dennison visited there in Milwaukee with him . . . Music coinmen quite elated over the way that Eddy Howard has jumped into the No. 1 spot as the "best ork" for juke box biz in 1946. Many of the juke box ops sure did clean up with his "To Each His Own" recording . . . Ken Wilson of Amalgamated busier than ever remodeling his place selling those Mutoscope machines and the new Jack Rabbit and helping his new salesmen to better understand the coinbiz. And that, brother, is a "job" — buhlieve you me . . . Eddie Hanson of Groetchen back from a 4,000 mile trip and now getting adjusted to the new schedule of speedy manufacture over at this big plant . . . Lots of the boys rushing over to the United's plant to talk to Billy DeSelm on the firm's new games.



THRU THE COIN CHUTE

EASTERN FLASHES

Music operators here carefully scanning the listings of records and recording artists appearing in the poll now being conducted by *The Cash Box*, watching to see if their best money makers correspond with those of other operators. IF YOU HAVEN'T SENT IN YOUR VOTES—BE SURE TO MAIL THEM NOW!

Jack Fitzgibbons, Musical Minutes, Inc., rushed to the limit seeing visitors, answering phone calls, and writing mail of coinmen interested in his individual wired music system and commercial music set-up. George Young, Norfolk, Va. spent considerable time with Jack one day this week . . . Al Schlesinger, Poughkeepsie, N. Y. in town again . . . Bud Parr, president of Solotone, Inc., expected here after his Chicago visit . . . Milty Green, American Vending Co., after spending many weeks here, returns to his Miami Beach, Fla. offices, then on to Indiana for the Packard distributors meet . . . Nat Cohn and Earl Winters, Modern Music Sales Corp., all het up over the forthcoming Mills phono.

Barney (Shugy) Sugerman and Jack Mitnick, Runyon Sales Co. expected to leave for Hot Springs, Ark. the end of last week. All they were waiting for was the return of Mike Munves and Abe Green, who were vacationing in that town. When Mike and Abe failed to return by Monday, Shugy and Jack packed up and left. Munves and Green were probably having such a wonderful time, they refused to come home. As a matter of fact, they still haven't left Hot Springs. Sugerman and Mitnick will probably be away for three weeks or so . . . Teddy Blatt, Intimate Music, Inc., was to leave with Sugerman and Mitnick, but a big Solotone deal came along and he had to stay on here with Max Schiffman, his associate, to wind it up.

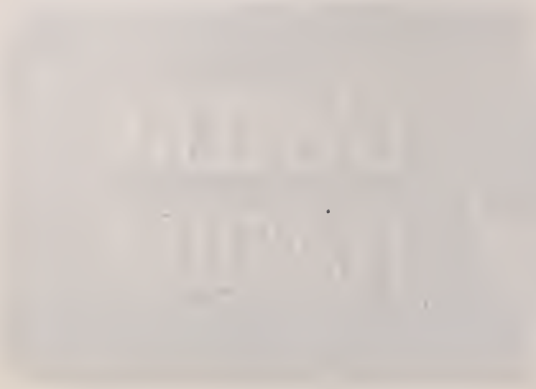
Leo Dixon, Manhattan Phonograph Co., Bill Presser, Nickel Amusement Co., Cleveland, O., and Ben Palastrant, regional sales representative for Aireon Manufacturing Corp., return to the city after attending a distributors meet in Chicago. Leo Dixon listened to a glowing report by Leo Knebel, manager, on the activities of his office here . . . Ben Palastrant's son, in the army only a few months, has been alerted for duty in Japan. After the usual furlough, the kid entrains for Camp Stoneman in California . . . Manny Lansberg, Vieux Carre Novelty Co., New Orleans, La., visits his uncle Nat Cohn of Modern Music. Manny, formerly an operator here, claims there's nothing like Noo Orleans for living.

Jules Mayers, manager of Seacoast Distributors (Rock-Ola distributors) don't know whether he should be happy or not. More Rock-Ola phonos have arrived, but the "more I get, the more they want" sighs Jules . . . Joe Munves back in New York, after a stay in Chicago . . . George Ponser and Irving Kaye, Amusement Enterprises, Inc., will make their big announcement on their new game "Whirl-A-Ball" next week . . . Dave Lowy increasing his facilities and staff to handle his distributing of new equipment . . . Victor Trad, president of Tradio Corp. held a preview showing of their new Tradiovision, a coin operated television set.

Joe Ash and Irv Morris, Active Amusement Machines Co., Philadelphia and Newark, N. J. respectively, tell us that Bill Zuk is doing quite a job at their newly opened offices in Scranton, Pa. . . . Jack Semel, recently returned from a trip to the West Coast, rides thru Coin Row at a slight 60 miles per, honking his horn at his friends . . . The entire executive staff of Joe Eisen & Sons (Joe Eisen, Buddy Eisen, Sid Mittleman and Phil Mason) out of town attending the Packard meeting at French Lick Springs, Ind. . . . Ed Hartman and Joe Henkel, Allied Electronics, Inc., Brooklyn, N. Y., received a great many inquiries from their ad in the November 4 issue of *The Cash Box* from distributors asking additional information about their forthcoming individual music system. Hartman also tells us that music ops responded in great number ordering their "ultravox" record volume leveller.

The Arcade Owners' Association of America has announced that they will hold their annual banquet on December 12 at the Village Barn . . . O. J. Mullininx, Mullininx Amusement Co., Savannah, Ga., back on the job after a prolonged vacation. Mullininx is flying all over the state in his own plane seeing the ops. It won't be long before O.J. promotes his friend Ed Heath of Heath Distributing Co., Macon, Ga. to buy his own plane too. Ed, by the way, doing a tremendous job with parts and supplies . . . DeWitt (Doc) Eaton, Vice President and General Sales Manager for AMI completes his visit here, and back to Chicago he goes, convinced more than ever that the phonos must get 10c a play.

Eddie Corriston, Palisades Specialties, Inc., Cliffside Park, N. J. returns from a Chicago trip . . . Felix (Chippy) Maltz seldom seen on coinrow these days. Chippy is kept busy over in New Jersey . . . Irv Blumenfeld, General Vending Sales Corp., Baltimore, Md. in town visiting with Leo Dixon, Ben Palastrant, Bill Presser and Leo Knebel. Irv tells us the finishing touches are being put to his new building, and there should be a formal opening around the first of December. Biz is good in his town, Irv continued, his problem being to get more and more equipment.



THRU THE COIN CHUTE

CALIFORNIA CLIPPINGS

Bill Wolf feels very happy over his recent appointment to handle Bally games in California, Oregon and Washington. Bill has left for his San Francisco offices and plans on being away for the next few days. Al Silberman reports that the sale of records is soaring daily and that they are hard pressed to keep supplying the terrific demand.

Jack Gutshall, Bill Simmons and Nick Carter are on their way to attend the big Packard gathering with Homer Capehart at French Lick, Indiana. Jack plans on running up to Pittsburgh and then straight home after the meeting, while Nick Carter and Bill Simmons return here right after the meeting. Lots of interest is being shown over the forthcoming Packard announcement in the November 18th issue of *The Cash Box*.

George Ehrgott of Mills Sales is away on a trip through Arizona, calling on operators and getting lots of orders for Mills equipment, the carpenters are putting the finishing touches to the new store adjoining the Mills Sales offices which they will take over shortly.

Bill Happel, Jr. is making ready to move into his new building which, barring unforeseen delays should be ready within the next two weeks. However, Bill knows what delays can crop up the last minute and says that he will not make any plans until he is sure the boys are all finished. In the meantime Bill's nephews, William and Jack Leonard have resumed their golf feud. The sunny California clime is getting the golf bugs out in large droves.

Len Micon of Pacific Coast Distributors has just learned from one of his customers, who recently purchased a new H. C. Evans Winterbook, that the machine has been getting a sensational play.

Bud Parr of Solotone is off on another of his many trips around the country. His first stop is in Chicago where he will spend a few days before heading east then south. Bud has some new and terrific plans of great interest to music ops and should be ready to make an announcement and soon.

Fred Gaunt of General Music has a number of new games on display in their showrooms and promises immediate delivery on all orders taken . . . Roy C. Jones, Jr., Inyokern op flew his own plane into town Saturday—dropped into Badger Sales, ordered a new Keeney 3-way, and was off and home in a grand total of 3 hours. That's really traveling.

Among some of the ops shopping along coin row this past week were: K. B. Hoar, South Pasadena; J. M. Maichele, Lucerne Valley; Jim Hastings, Norwalk; H. C. Perrine, Oceanside; Jimmie Burns, San Bernardino; L. H. Maston, Porterville; Ray Reynolds, Big Bear Lake; E. R. Rippee, Compton; I. B. Gayer, San Bernardino; E. S. Trimble, Huntington Park; Jack Arnold, Barstow; Roy C. Jones, Inyokern; S. W. Ketchersid, San Bernardino.

Jay Bullock managing director of the Automatic Music Ops Ass'n. plans on calling a meeting of the music ops for Tuesday, November 12th. It is to be a very important meeting Jay reports and a good attendance is expected. A report of the affiliation with a union is expected to be made at this meeting.

Capitol Record sales for the month of September was the largest in the history of the company according to an announcement made by Johnny Mercer, president of the firm. Plans include the release of a large number of new hit recordings.

Paul Laymon has just received a large shipment of the new Bally "Triple Bell" Console and is making delivery. Paul has on display the new Packard Hideaway and is distributing all Packard accessories including, wall boxes, speakers and thirty wire cable.

Ray Powers of E. T. Mape informs us that the sales of the new and improved Aireon phono is zooming daily. Ray tells us that he is working hard to keep up with the demand. Leonard Baskfield is due in town from San Francisco this week for an important meeting with Ray Powers.

It seems as though Morrie Wiczer of Wico Parts has found the new location for the firm and should be moving into their new quarters within a few weeks. This brings the firm right up into the heart of coin row.

H. M. De Govia of Dee's Service distributing the new Wayne Volume Equalizer—reports a terrific demand for this equipment. De Govia a sound expert tells us that it is the perfect answer to controlled phonograph volume.

The assets of the now defunct A.R.A. record company goes on the block November 25th at the former pressing plant at 686 N. Robertson Blvd. in Los Angeles. This is an opportunity to get some swell equipment. Milton J. Wershow of 1233 Santa Fe Ave. is in charge of sale.

Sol Bihari of Modern records has just returned from a three months trip calling on the firm's many distributors, Sol was very well treated and was very happy over the response to the firm's recordings.

Elky Ray of Gold Coast Coin Machine Exchange expects a large shipment of the new Gottlieb one balls. Ray reports that the ops who have seen samples of the new equipment are very enthusiastic and are clamoring for delivery. Elky hopes to receive a large shipment of the Gottlieb machines shortly.

Nels Nelson, Aireon distributor has taken several large orders for the new phono. Nels tells us that the skepticism of the music ops has by large disappeared with more ops showing greater interest and enthusiasm right along.

Leo Mesner of Aladdin Records is very pleased over the showing of the firm's recording of "Drifting Blues" featuring Johnny Moore's three Blazers. Leo tells me that *The Cash Box* has done a great deal for the record manufacturers.

THRU THE COIN CHUTE

PITTSBURGH

Sam Strahl, or the man with a huge smile at American Coin-A-Matic, reports the coin biz as the world's best business . . . Sam claims it to be the most healthful business one can associate himself with because; "I get all the calisthenics I desire, jumping around filling orders."

Harry Rosenthal of Banner Specialty Co. went down to French Lick Springs, Indiana, to attend the distributors convention and party celebrating the innovation of Homer E. Capehart's Packard Phonograph.

B. D. Lazar upon his return from an eastern vacation where as a delegate, he attended the Zionists' Convention at Atlantic City, made ready to shove off again . . . This time it's a business trip for B. D. who intimates he will barge into Chicago, not only looking for new equipment but won't be satisfied unless he gets a supply plus a sizeable quantity of Rockolas.

Jack Young of Triangle Record Distributors finally got his new stock of records and albums in ship shape style . . . Jack declares any of his personnel won't have a bit of trouble locating any number in the complete stock . . . Then boarded a plane, flying down to Miami for a few days.

Lou and Meyer Popkins, who hold the fort at Pittsburgh Coin Machine Exchange are anxiously awaiting arrival of two new games . . . Meyer expects momentary delivery of the equipment, and factory advances claim them to be honeys.

Howdy Levine, front office man for Mechanic's Service, reports sustained activity in moving consoles . . . Howdy interprets this to mean the ops will pay a reasonable price for better type equipment.

Sam Horvitz, a smiling gent around Acme Novelty Co., is about as optimistic as they come along coin row these days . . . Or, as Sam says, "Why not be happy. All we have to worry about is strikes and token shipments of equipment, which is nothing in a busy coinman's life."

Dan Cupid reached into coin row and snapped Johnny Peters' secretary . . . Audrey Bronday was the smiling bride of Raymond Georges . . . By the way, Ray's dad, Gust Georges, is one of the district's largest ops.

ST. LOUIS

Preparations are under way in the 49th state for the opening of J. S. Morris & Son's new biz offices—Joe Morris and son Walter beaming as the 40 foot front on Delmar Street is being given the final touches. Brother Lou, of Morris Novelty, is likewise completing his offices on Olive Street, which will bring the entire Morris family downtown . . . Big deliveries of phonographs and pin games were the rule during the last two weeks—one distributor reporting 45 machines out, another received 30 phonographs. Fifteen vending machines went out in a single day as well.

George Rotter, St. Louis op who isn't around much, showed at Ideal Novelty long enough to get six new Rockolas. And down the street, Andy McCall of McCall Novelty added half a dozen more to the six he acquired last week—all being hustled out into top tavern locations . . . Ted Maley, ex-G.I. from Belleville, Illinois, has quit toying with the idea of reenlisting. "Got some equipment now," he grinned.

Bill Weinischke and Bill, Jr., have located a bunch of new locations. Both are planning a late season vacation, having given up the summer idyll planned last spring . . . A new firm has popped up in Willow Springs, Mo.—Stepp & Sons, Noel Read is also located there. Another mid-state contender is Leo Lieweicke, operating in both Washington and Centaur, Mo.

The Missouri Amusement Association met this week, to discuss ways and means of standardizing location splits for the benefit of the entire industry. A more uniform rate among ops, it is felt, will iron out a lot of difficulties. Although Dewey Godfrey was away attending a sick friend, and Harry Davies was off on a vacation, the membership voted to establish a rate of $5 front money and 50-50 splits on nickel play where new phonos are concerned, $2 front money on old used equipment, with the split on a sliding scale according to the location.

"This is for the good of the entire industry" Abe Jeffers, prominent member, stated. "Location owners are now getting a bit too inclined to shop the operator, now that the word has gotten around that so and so is offering a better split, less front money, etc. Less location trouble is anticipated by the move."

Star Novelty Company was the first coin machine outfit to be robbed in several years, when somebody cracked John Gazzolo's safe a week ago. "They overlooked one pot, however," John grinned, "and *The Cash Box* can tell everybody I'm still very much in business." John won't admit how much was in the safe.

Carl Trippe is still commuting back and forth between Springfield and St. Louis. Nobody knows why—and Carl merely grins. Raising horses, Carl?

MINNEAPOLIS

Pinball operators in Minneapolis received a surprise from the license and weighing department, City Hall, Minneapolis when they were advised through the mail that their licenses were due November 1 and on a yearly basis. Operators in this vicinity found themselves digging deep into their jeans bringing up that extra lump as they had been in the habit of paying this license semi-annually. This eliminates a lot of work for the employees at the court house and the operators will like it better too.

Snooks and Bud Harrison of the Howard Sales Company did some pheasant hunting for four days and had very good luck . . . Morris Berger, in town for a couple of days calling on distributors . . . Jack Lowrie of Lake City is laid up with an eye infection. Jack got back from South Dakota pheasant hunting and found that he was losing the sight of one eye. He made a hurried trip to the Mayo Clinic at Rochester, Minnesota where they found a burr in his eye but were unable to get it out because it was lodged in a very peculiar place. In the meantime Jack will have to have it treated until the doctors are able to take it out . . . Frank Krall and Carl Andrejeski, both from Chippewa Falls, drove into Minneapolis for the day to visit a few distributors . . . Harry Harrison, Sebeka, Minnesota, spent the week end in Minneapolis with some relatives and also saw the Minnesota-Michigan football game . . . Jack Backus of Jamestown, North Dakota also spent the week end in Minneapolis and caught the game.

Frank Kummer of Spring Valley, Minnesota, and Oldsmobile distributor for that territory, is very popular whenever he comes to Minneapolis. The cars, I said, son . . . Vince Jorgenson of Kensett, Iowa, ace mechanic for Charlie Potter of the Fairmont Novelty Company, Fairmont, Minnesota spent the day in Minneapolis brushing up on Seeburgs . . . Sid Kern of Menomonie, Wisconsin in town just for the day . . . Mrs. Ann Greenstein, wife of Hy Greenstein of the Hy-G Music Company is mending very nicely after having an operation last week . . . Frank Gilles of the Gilles Amusement Company, Osage, Iowa spent a couple of days in Minneapolis visiting a few distributors.

CONGRATULATIONS DEPARTMENT—Jack Karter of the Midwest Novelty Company is the proud father of a baby boy. Rose Karter of the same firm, and sister to Jack, announced her engagement to Phil Meltzer, Minneapolis boy. Met him on Saturday night and got engaged Sunday. Fast work, Rose . . . C. L. Guilliaume of Elk Point, South Dakota, in town for a few days vacationing and calling on a few of the distributors . . . Frank Davidson of Spooner, Wisconsin, also in town calling on a few of the distributors.

Bill Welch of Menomonie, Wisconsin, in town with his son, Billy, Jr., who just got his discharge from the navy after serving twenty-one months. Bill Sr. was proudly showing him off to the distributors.

WORKS LIKE MAGIC!

Solotone boxes are installed in booths and along the counter, all of them wired into a central music source. For each 5c any one of the boxes will play 6 minutes of low volume music which can only be heard in the immediate vicinity of that *particular* box. Any number of boxes can be playing at once but each one requires a 5c or 10c deposit.

Whether you are switching from some other music system to Solotone . . . or are setting up new Solotone locations for the first time, you've got a new, money-making experience in store for yourself.

SOLOTONE CAN DOUBLE . . . OR EVEN TREBLE YOUR FORMER TAKE!

Maybe that sounds like magic to you, but to hundreds of other Solotone operators from coast to coast it's the real McCoy — and they will tell you just that.

Solotone's got everything with which to *make you more money:* 1. Numerous boxes in every location, with each box earning its own revenue. 2. Double coin chutes for both nickels and dimes that can pay you up to 30% more than any individual music system. 3. Eye-appeal that attracts more attention and collects more money, and 4. Outstanding tone that gives customers an honest nickel's worth and brings 'em back for more.

Get the BIG Solotone story today. Phone or wire us for details.

Bally TRIPLE BELL

TRIPLE PLAY! TRIPLE PROFIT!

TRIPLE BELL consoles actually earn two to three times top earnings of all other consoles in operation today! *Triple Coin Chutes* permit three players—or three coins—every spin of the flashy bell-fruit reels. *1000 Super Special Awards,* plus plenty of other big awards and single-cherry awards, insure continuous repeat play. Deluxe cabinet in rich wood-grain finish. Trouble-proof mechanism. Convertible—replay or automatic award. Any desired coin-combination – Nickel, Dime or Quarter. Order TRIPLE BELL today.

CONVERTIBLE: PAYOUT OR REPLAY

DRAW BELL

BELL-CONSOLE WITH NEW HOLD-AND-DRAW FEATURE

Fast action of three spinning reels with flashy bell-fruit symbols . . . plus new second-coin feature which permits player to hold any desired reels and second-spin the remaining reels! Every non-winning combination on first spin "comes so close" that players can't resist a quick second coin to hold and draw for a winner—resulting in record-smashing profits. Get your share. Order DRAW BELL now. Specify Nickel or Quarter play.
